## Early Learning Centre Newsletter

### Issue 2, 2016

Hello and welcome to our second newsletter for the year.

All of the children have settled in well and have formed some positive relationships with each other and the staff. We have had a busy first term with lots of learning including, health and wellbeing, science experiences, multicultural, environmental, communication and numeracy activities just to name a few! This term we continue to extend on their learning. We will be concentrating on a 'letter of the week' beginning with 'Aa' the first week of term. Children are invited to bring in something for show and tell beginning with the letters A through to K. We will also be doing lots of experiences with numbers as well as group games and physical activities.

Self help skills will also be focused on with the children being encouraged to be responsible for their own belongings e.g. hats, lunch boxes and using the self help table. This also extends to looking after and respecting our environment.

Regards, Ms. Kerry

Open ended art and craft promotes creativity.

Health and hygiene self help skills.

Water play has been popular during the warm weather.

Learning together as a group shapes and colours.
